

Overseas Visiting Professor Year 2015

< 3 Month						
No.	Name-Last	Activities	dd.mm.yy	University/ Institution	Hours(research/	
					instruction)	
					Country	
1	Assoc. Prof. Nancy Tayles	1. Seminar on general concepts of research planning and design 2. Short workshops on specific concepts of research using human skeletal remains 3. A long workshop either during several consecutive days or perhaps over several weekends	June - July 2015	University of Otago	20	New Zealand
2	Assistant Professor Aneesh Kautilya Mehta, MD	Give lecture on Treating Ebola in the United States: Lessons Learn	March 23 – 24, 2015	Emory University School of Medicin	8 hrs.	USA
3	Assistant Professor Cherry Wongtrakool, MD	Give lecture on Phenotyping Asthma: The New Horizon	March 23 – 24, 2015	Emory University School of Medicin	8 hrs.	USA

4	Associate Professor Kanokporn Mongkolrattanothai, MD	Give lecture on Vancomycin dosing in pediatric patients	March 23 – 24, 2015	University of Southern California	8 hrs.	USA
5	Prof. Helga Matt Hess	Give a lecture on Psychodynamic Psychotherapy	March 30 to April 3, 2015	University of Zurich UZH		Germany
6	Jeffrey M. Bethony Ph.D.	1) Planning Meeting for Scientific Summit between George Washington University 2) Foreign Supervisor for PhD students at the Traipoical Medicine Program 3) Co-research project on CCHA	March 3 to 7, 2015	Associate Professor Microbiology, Immunology, & Tropical Medicine School of Medicine and Health Sciences George Washington University		USA
7	Prof. Shinji Kunishima	Give a lecture on Immunofluorescence and Mutation analysis Development of MYH9 disorder	May 29 and 30, 2015	National Hospital Organization, Nagoya Medicine Center	12	Japan
8	Prof. Takashi Sekine	Give a lecture on Immunofluorescence and Mutation analysis Development of MYH9 disorder	May 29 and 30, 2015	The Toho University	12	Japan
9	Mr. Mukesh G. Harisinghani	Give a lecture on MRI od Abdominal Imaging	Aug 12 and 14, 2015	Harvard University	12	USA

10	Professor Michael Morley	Develop a research and give a lecture on Patient safety campaign	August 22 - September 15, 2015	Harvard Medical School	160 hrs.	USA
11	Dr. Katharine Morley	Develop a research and give a lecture on Patient safety campaign	August 22 - September 15, 2015	Harvard Medical School	160 hrs.	USA
12	Dr. David Turner	Develop a research and give a lecture on occupational medicine	Jul 6 and 27, 2015	British Petro Leurn	126	USA
13	Assoc. Prof. Dr. Dipak Panigraphy	Give a lecture on "Cancer Progression: The Failure to Reslove" at the Department of Biochemistry	Jun 16 and 23, 2015	Harvard Medical School Teaching University	48	USA

14	Professor Takuya Nihira	<ul style="list-style-type: none"> • Exchanging scientific knowledge and experiences on Biotechnology with staff in the Microbiology Department, MD-KKU, and our postgraduate students; • Conducting academic support in seminars by giving your supervision. • Opportunity for students to develop skills in English language conversation, and writing effectively. • Discussions of opportunities to develop linkages and cooperation activities between our two institutions, in order to have the co-research collaboration, and chances for Thai PG students to experience research laboratory techniques, skills, and knowledge in a world leading institution. • Advising how to write a manuscript in order to have increased chances of postgraduate students' research papers being published in international journals; • Giving comments on planning research projects of postgraduate students, and promote opportunities to develop collaboration on research in the future; • Developing a network of knowledge management (KM) on research process and methodology in the Department of Microbiology, in order to describe the current knowledge of the research on actinomycete and fungi; 	May 31 and June 6, 2015			
15	Professor Edward Damrose, MD, FACS	Otorhinolaryngology	July 1-3, 2015	Stanford University Medical Center,		USA

16	<p>Professor Tar Ching AW, PhD, FRCP, FFOM, FFPHM</p>	<ul style="list-style-type: none"> • Given special lectures to medical residents and postgraduate students on occupational medicine; • Advising on planning development of research on “Medical service of occupation medicine” and “Development of medical surveillance procedure for some specific health risks at work”; • Conducting academic support in seminars by giving your supervision to staff and postgraduate students of Department of Community Medicine, MD-KKU • Discussions of opportunities to develop cooperative academic activities between our two institutions for co-research collaboration and ; • Preparation for MOU between Faculty of Medicine, KKU and College of Medicine & Health Sciences (CMHS) 	July 16 and August 2, 2015	United Arab Emirates University		UAE
17	<p>Professor Richard Alexander ANDERSON, MB.ChB., MD, PhD, FRCOG, FRCP(Ed)</p>	<ul style="list-style-type: none"> ·Special lectures on “The effect of the cancer treatments on the ovary” and “Current status of fertility preservation”; ·Exchange experiences on medical breakthrough, techniques, and clinical skills on infertility treatments and advanced assisted conception; and, ·Suggestions for promoting cooperative activities between our two institutions. 	1st to 6th August, 2015	University of Edinburgh		UK

18	Associate Professor Wen-Hung Chung, MD-PhD	<ul style="list-style-type: none"> • Exchange knowledge and discussions about the research collaboration on pharmacogenomics of drug inducer severe cutaneous adverse reactions / drug hypersensitivity with our researchers in Department of Pharmacology, MD, KKU; • Give seminar on an advance medical knowledge for our postgraduate students, staff; and • Meeting with administrators of MD-KKU in order to exchange opinions on developing the cooperation between our two institutions in the future. 	August 26 and 30, 2015	Chang Gung University		Taiwan
19	Associate Professor Shuen-Iu Hung, PhD	<ul style="list-style-type: none"> • Exchange knowledge and discussions about the research collaboration on pharmacogenomics of drug inducer severe cutaneous adverse reactions / drug hypersensitivity with our researchers in Department of Pharmacology, MD, KKU; • Give seminar on an advance medical knowledge for our postgraduate students, staff; and • Meeting with administrators of MD-KKU in order to exchange opinions on developing the cooperation between our two institutions in the future. 	August 26 and 30, 2015	National Yang-Ming University		Taiwan

20	Associate Professor Mark J. DOBROW, PhD	<p>-meet with our administrators, academic staff and postgraduate students to discuss potential collaborations between our two institutions.</p> <p>-give a talk on “Evidence-based health policy” for our academic staff.</p>	8th to 17th August, 2015	University of Toronto		Canada
21	Associate Professor Kenji KASHIWAGI	<ul style="list-style-type: none"> • Exchange medical knowledge on topics “Angle closure glaucoma screening in the population” and “Drug delivery system using nanosheet”; • Discuss the promotion of international co-research projects on “Angle closure glaucoma” and “Drug delivery system”; and • Discuss cooperative activities e.g.: exchanging staff, residents, or medical student and the possibility to develop academic cooperation agreement between our two institutions. 	September 20-23, 2015	University of Yamanashi		Japan
22	Assoc. Prof. Shiro JIMI	Attend 1st International Medical Seminar, give lecture entitled 'A new insight into MRSA biofilm and drug tolerance'	November 1 - 4, 2017	Fukuoka University	8 hrs.	Japan

23	Assoc. Prof. Keisuke MIGITA	Attend 1st International Medical Seminar, give lecture entitled ' The cytoplasmic C-terminus of P2X7 receptor is an important determinant of channel function'	November 1 - 4, 2018	Fukuoka University	8 hrs.	Japan
24	Dr. Micinobu YOSHIMURA	Attend 1st International Medical Seminar, give lecture entitled 'Influence of the bacterial phenotypes on the clinical manifestations in Klebsiella pneumoniae bacteremia patients: A retrospective cohort study'	November 1 - 4, 2019	Fukuoka University	8 hrs.	Japan
25	Dr. Peter Norsworthy	Give lecture on Imperial College London – The Wellcome Global Health Centre, Education and Training opportunities	19-Nov-15	Imperial College London	8 hrs.	UK

26	Professor Leonid N. Solomin, MD, PhD	<ul style="list-style-type: none"> • Lecture and exchange experiences on “Orthopedic trauma, and limb corrective surgery: clinical care and data collecting for research work” to staff, medical residents of MD-KKU; • Provide supervision of research project/s on orthopedic trauma and pediatric orthopedics; • Provide a good opportunity for medical students and postgraduate students to exchange opinions and clinical knowledge, and to practice their English skills through dialogue; and • Enter discussions on ways to develop linkages and cooperation activities between our two institutions. 	November 28 and December 6, 2015	R.R. Vreden Russian Research Institute of Traumatology and Orthopedics		RUSSIA
27	Dr. Koji Adachi	Give lecture entitled “Tamoxifen enhances the differentiation-inducing and growth-inhibitory effects of all-trans retinoic acid in acute promyelocytic leukaemia cells”	December 16 – 19, 2015	Shimane University	8 hrs.	Japan
28	Dr. Aisa Moriyama	Give lecture entitled “Clinical features and management of Kawasaki Disease in Japan”	December 16 – 19, 2015	Shimane University	8 hrs.	Japan

29	Associate Professor Takeshi TAKETANI	<p>Give lecture entitled “Ectopic Neuroblastoma in Monozygotic Twins with different ages of Onsets: Possible Twin-to Twin Metastasis in Utero with distinct genetic alterations after birth” and “Treatment for Bone Regeneration for Congenital Skeletal Disease using Mesenchymal stem cells; Ex Vivo Expanded Allogeneic Mesenchymal Stem Cells with Bone marrow transplantation Improved Osteogenesis in Patients with severe Hypophosphatasia”</p>	December 16 – 19, 2015	Shimane University	8 hrs.	Japan
30	Professor Yuko Hashimoto	Give lecture on Pathology of Breast Cancer	December 16 – 19, 2015	Fukushima Medical University	8 hrs.	Japan
31	Professor Tohru Hayashi	Slide conference in histopathological diagnosis	December 16 – 19, 2015	Junwakai Memorial Hospital	8 hrs.	Japan

	<p>Assistant Professor Eric W. WANG, MD</p>	<p>สอนบรรยาย การดูแลรักษาโรคจมูก ไช้สนั้ และฐานสมอง สอนแสดง การผ่าตัดโรคจมูก ไช้สนั้ และฐาน สมอง</p>	<p>January 17 - 23, 2016</p>	<p>Department of Otolaryngology University of Pittsburgh Medical Center The Eye & Ear Institute Suite 500, 200 Lothrop Street Pittsburgh, PA 15213 USA Tel: 412-647-8186 E-mail: wangew@upmc.edu</p>		<p>USA</p>
	<p>Professor Shosuke KAWANISHI</p>	<p>The purposes of the visit are:</p> <ul style="list-style-type: none"> • Exchanging opinions on the development of co-research project with MD-KKU staff (Associate Professor Somchai Pinlaor, Department of Parasitology and Dr. Raynoo Thanan, Department of Biochemistry); • Planning on the co-research project on title “Molecular epidemiological study on cholangiocarcinoma induced by Opisthorchis viverrini”; and • Discussion on the development of the Memorandum of Understanding (M.O.U.) between two institutions 	<p>February 22 and 26, 2016.</p>	<p>Dean, Graduate School of Pharmaceutical Sciences Vice President, Suzuka University of Medical Science 3500-3, Minami-Tamagaki, Suzuka, Mie 513-8670, JAPAN E-mail: kawanisi@suzuka-u.ac.jp</p>		<p>Japan</p>
